

Global Warming Made Simple: An Interesting Topic For Our Times

By John Andreadakis

AUTHORHOUSE, United States, 2011. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Global Warming is a serious matter requiring an open and honest discussion. Unfortunately, I have not seen any such discussion. I hear that there is consensus among scientists. When they know what they are talking about, they also are able to explain what they have discovered. In this topic, though, whoever these scientists are, they do not seem willing to come forward to do the explanation, instead politicians are the ones who do the talking. In addition, there are also rumors going around that the information collected regarding the issue of Global Warming appears to be tainted. This book not only contains scientific information which has been approved for a long time, it also makes this information easy for everyone to understand and recognize. Many of the phenomena we see every day have been studied and measured thoroughly, yet because we are not able to stop these phenomena from happening, we avoid trying to understand why they occur, and in some cases, we just legitimize our guessing. The accurate data collected by legitimate sources are used and presented...
