This item is printed on demand - Print on Demand Titel. - Bachelor Thesis from the year 2013 in the subject Business economics - Investment and Finance, grade: 8.0, Maastricht University, language: English, comment: Report contains a very complete literary review on bubbles. This capstone assignment deals with the question of how investors should act in the case of asset overvaluation in financial markets. In particular, it tries to answer how investors should behave. The central question asks whether investors should step aside and wait until the bubble bursts, whether they...
